EXT - ETHEREAL REALM

RAYNE

Well, they spared no expense.
So...maybe?

KAMJIN

Sounds like we have a real mystery
on our hands, gang!

THRAN

(muttered) Rut-roh.

Hey...where'd you get that ascot?

KAMJIN

Listen up. I think we may have
discovered something here. First
there was the laser light show and
now this? Who could be behind a
years-long plot that is full of
such craziness?

I think we might need to gather
more information. Maybe if we head
up to those islands above, we can
get a good view over the area and
see if we can find any clues!

Oh, yes...I love a good clue. We can
unearth more information about the
Mother and then I can finally not
be the crazy one on the Council!
We must gather more information!

What do you think?

THRAN

Gather more information? What? It
sounds like you've known about
this for some time.

What else do you know that you
haven't been telling us!?

KAMJIN

I've been trying to keep you two in the loop about the Mother for over a year, but frankly you don't listen. You have very short attention spans.

RAYNE

NO WE'RE NOT!

KAMJIN

What? That's not even a response to what I said!

THRAN

YEAH, WE'RE NOT THOUGH!

KAMJIN

What in the hell are you two talking about?

RAYNE

We're totally not! Besides, I stopped listening six minutes ago.

THRAN

Yeah, cause you're boring.

RAYNE

Hey, I have an idea. Why don't we head up to those islands above and see if we can get a better view?

THRAN

Yeah, that's a great idea! I bet you wish you thought of that...NERD!

Hold on, I have an idea

KAMJIN

(muttered) Rut-roh

THRAN

Juniper Scented Candle! Lizards are the future. The plan is simple...I take this flare gun, this rope, and this lizard.

KAMJIN

This won't end well...but, I'll be honest, I do wanna see how this plays out.

RAYNE

Bets?

THRAN

Godspeed, my brave little boy.

KAMJIN

Thran, you should really think this through...

THRAN

Nonsense, Juniper Scented Candle always lands on his feet!

KAMJIN

Is that what happened to Jenny Three?

THRAN

I've told you before you sonuva - (near tears) We don't talk about that.

KAMJIN

You know there's no way that lizard survived that, right?

THRAN

Life...ah...finds a way.

RAYNE

Shall we?

Let's! ALL
