**Name :** Particle Magnum

**Type :** Weapon (Blasters)

**Category :** Blaster Pistol

**Size :** 1 slot

**Rarity :** Epic

**Base Price :** 15,520 credits

**Description :** The Particle Magnum is a powerful heavy blaster pistol with a high degree of customization and adaptability. It packs a heavy punch as a sidearm and is perfectly optimized for short and medium. It has three firing modes, stun, blaster and incinerate. The stun and blaster settings are self-explanatory while the incinerate mode delivers a super-heated blast that can melt through most surfaces. This mode will cause the weapon to overheat rapidly.
