

THE TALON MK I "WARHAWK" STARFIGHTER

Competition: [Life Day Celebration II] Part 2: What If? Store Item

By

Adept DarkHawk Sadow #264

Item Name: Talon MK I "WarHawk"

Proposed Rarity: Rare.Epic

Shop: Celebration Store/Arx Starship Acquisitions

Item Description:

[The Fosh](#) as a people were very private, preferring to remain unnoticed by the larger galaxy. To assist in maintaining that solidarity, Fosh ambassadors commissioned Sienar Fleet Systems (SFS) to design & build an advanced starfighter to ward off those who breached into their system. The Talon MK I "WarHawk" starfighter was the answer. The starship is 27 meters in length and 6.5 meters in height. Patterned after a bird-of-prey design, the Hawk MK I is equipped with articulating talon-shaped landing gear. This allows the ship to land upon rugged uneven terrain. The ship's retractable wings enhance maneuverability & performance at a myriad of speeds and altitudes. Equipped with advanced twin ion engines and hyperdrive capable, this vessel has exceptional speed and maneuverability. The ship is equipped with average armor and shielding. Cutting edge avionics and subsystems have been added to include a [pseudo-cloaking device](#) powered by [Stygium crystals](#) rendering the craft invisible to sensors.

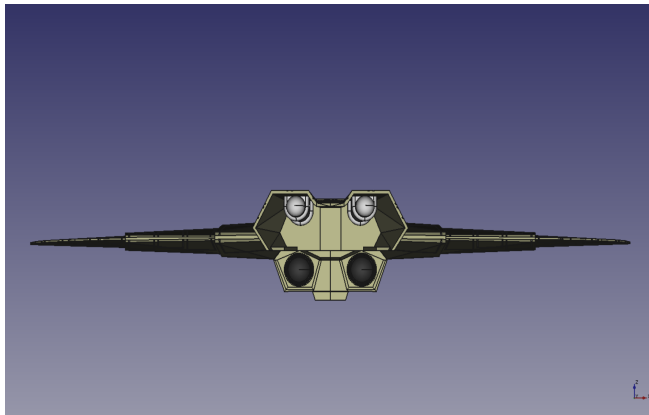

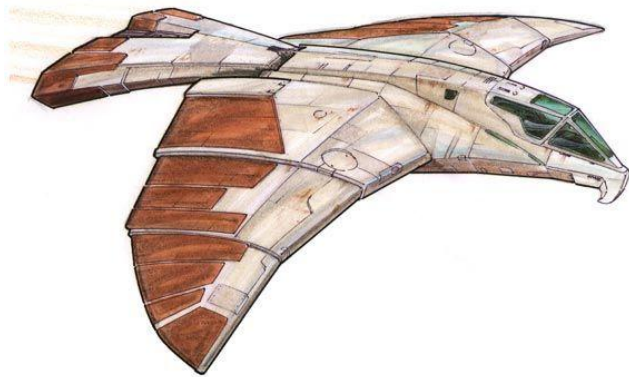

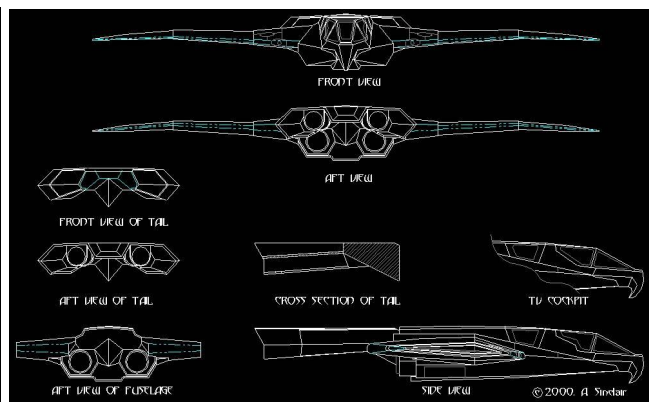

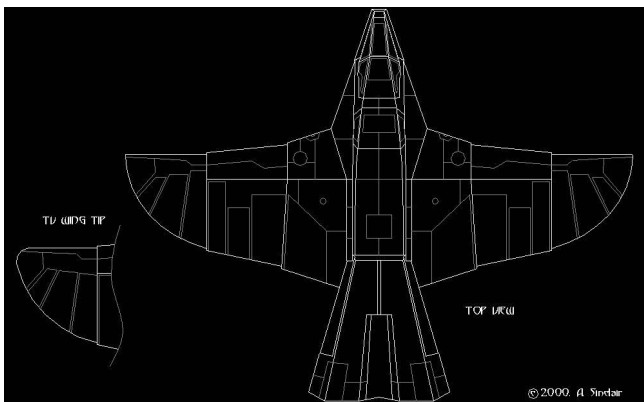

Armament

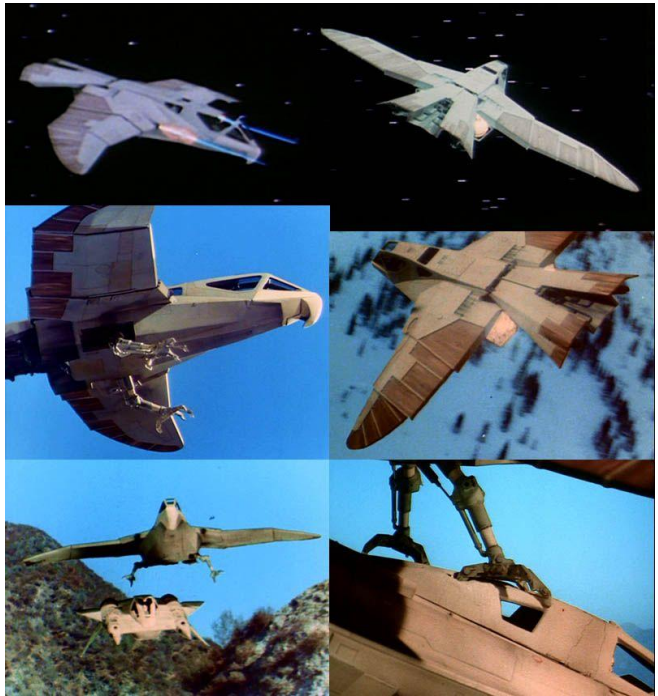

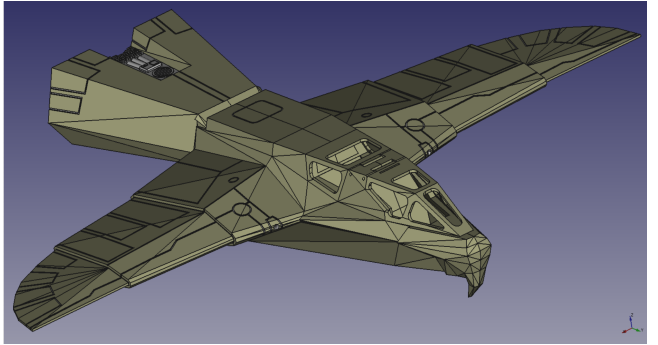

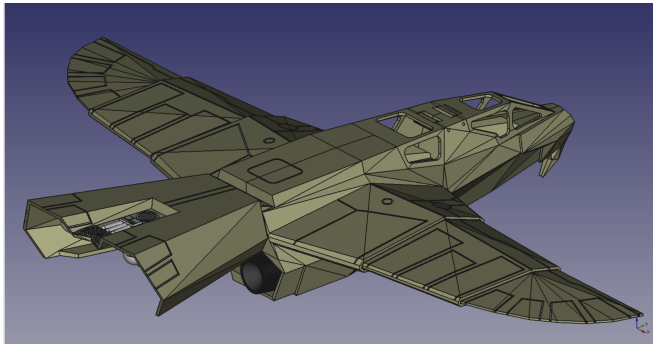

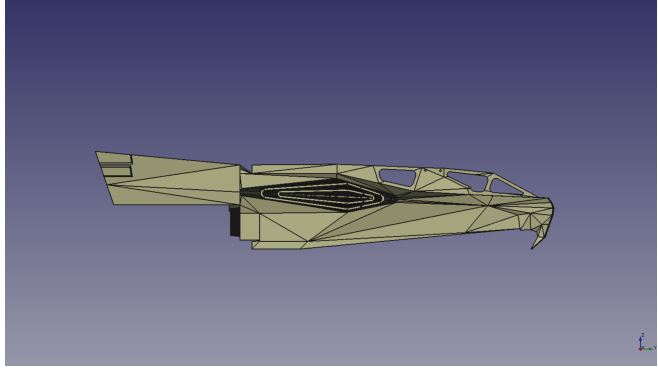

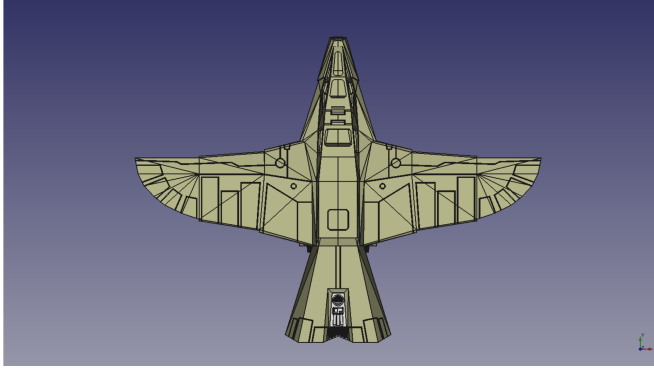

- 2 medium laser cannons (wing mounted)
- 2 ion cannons (wing mounted)
- 2 warhead launchers (fuselage)

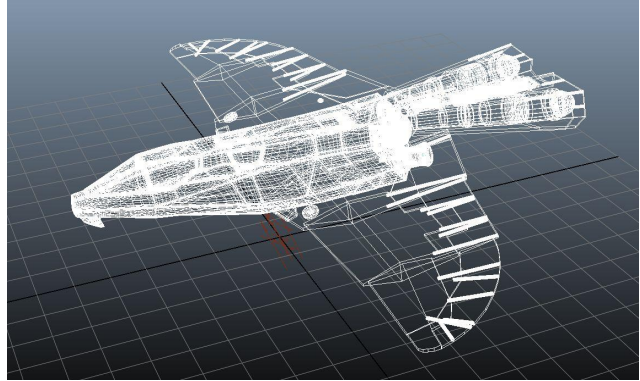

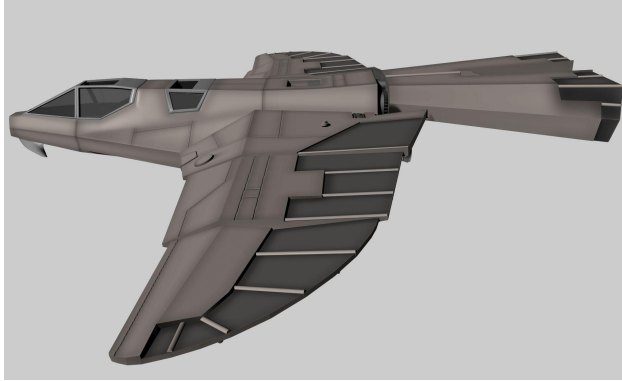

Complement

- 1 pilot
- 2 passengers
