

## Profile of Commander Yayo Bubl

**Name:** Yayo Pi Bubl

**Species:** Gungan

**Age:** 45 years

**Height:** 2.0 m

**Weight:** 90 kg

### **Physical Description:**

Just a bit taller than regular Gungan, Yayo Pi Bubl has a slim but firm figure of his body.

He has half shorter ears than other of his species, alongside missing one of them.

It is noticeable that all his teeth are missing, with visible red stains of permanent blood around his teeth line, and short tongue hanging from the side of his mouth.

The eye color is blue, which is positioned higher than usual Gungan would have.

His skin color is dark purple, with blue shades covering his head.

Alongside his legs and arms are extended to one line scars, ending at his abdomen.

### **Quirks:**

Sometimes Yayo forgets to drink water and suddenly faints.

Also he always has his bubble pipe in his mouth to keep him calm, and keep his nerves on leash - without it he could take, not the smartest decisions at the field during a battle.

His speech can be a bit blurred because of missing teeth, and tongue which is always hanging from the side of his mouth.

**Background:**

He was taken hostage by Collective Forces and tortured, which explains his injuries at the head and scars at the body.

He left his homeworld as he desired to prove that Gungan can be serious and survive on other planets.

**Abilities:** Good in blasters, and piloting.

His persuasion is at the high level, the same as using his tortured body to scare his opponents.
