**To the tune of We Are One**

**Nora:**

This is where it all leads  
The Ethereal  
Is it my destiny to save us all?  
No  
It's my job to disrupt the Children  
Find a target for us all

We have freed all our slaves  
We're confused and upended  
Let's refocus now  
Our bond is imperative  
Let everyone Ascend together  
As we fight for our lives

**Tahiri:**

Oh Nora, I really needed to hear that  
Our whole army is only as strong as our unity

**Alaris:**

When I scan the enemies  
It reveals targets and weakness  
It's what I'm meant to do

**Tahiri, Alaris & Livia:**

The danger's not over yet  
When we gain control again  
I confess I'll  
Miss the fighting (**Alaris:** Won't miss fighting)  
Now let's bring this thing down

**All:**

We know our purpose is  
To fight off the Children  
Of Mortis  
'Cause we work better  
All together  
We overcome

Our enemies as one

**TuQ'uan:**

I have to give credit when due  
And if I make Elder  
It'll be thanks to all of you

**Qormus:**

And I don't take for granted  
My role to command

**Eiko:**

I can't believe how much  
I've missed this Clan

**Selika:**

The whole of Clan Plagueis  
fights who hates us  
I'm so proud to  
Be your Consul

**Zuser:**

Now let's take this thing  
Down (**All:** Down)

**All:**

We know our purpose is  
To fight off the Children  
Of Mortis  
'Cause we work better  
All together  
We overcome  
Our enemies as one

**Nora:**

I look around and everyone I see  
The pinnacle of Sith and ascendancy

**Arden:**

Death threats don't ring any alarms  
It takes monumental strength of arms

**Tahiri, Alaris & Livia:**

We got lost and disconnected

Distracted, undefended

**All:**

Oh Nora, you saved us

**Nora:**

More fighting, more troopers

**Selika:**

Hail the Children now, Nora

**The Father:**

[Why have you - ?]

Why you only calling us

When you got your dramas

One of these days we'll repay you

We'll slay you

Gonna draw your last breaths (Uh!)

At the hands of Ascendants

Your eternal torture is every Child's dream

You know what I mean?

Make the Force scream!

**All:**

We know our purpose is (**Nora:** We know our purpose is)

To fight all our enemies

Like the Collective [**Alaris:** Not exactly]

Will this work?

Who can say?

We're gonna fight it anyway

Our weapons will rise

Through space and through time

We're the unbreakable

Unshakeable

Improbable

Unstoppable

Sensational

Ovational

We're boldly confrontational

Members of Clan Plaguies!
