

Name: Feevo Reeven

Assumed Location: Nal Hutta

Force User Type: No

Age: 36

Danger level: 6

Physical Description: A member of the green skinned reptilian race the Rodians Feevo Reeven is a bounty hunter of some note. Not as famous as Boba Fett, Zuckuss and their ilk he is nevertheless still a capable combatant who can give even a Jedi cause for concern when facing him in battle. He is tall for his species standing a shade over six feet in height with a well muscled physique. His skin is a uniform emerald green colour and covered in a multitude of lumps and bumps. His left eye is artificial and was replaced when he lost the organic one in a firefight with a fellow bounty hunter.

Description of Abilities: A master of ranged combat he can hit a target the size of a coin from over one thousand yards away and is equally adept with either blasters or slugthrowers. He is also a fairly gifted pilot.
