

## CANNOCAN

TYPE

/NORMAL

A jungle Pokemon, Cannocan lives in packs. It is perpetually hungry and will eat anything it finds. Its eyestalks are constantly rotating to spot its next juicy prey.

### HEADBUTT

Cannocan barrels headfirst into its foe.

### GROWL

A snarl with the chance to make the foe flinch with the stench of its breath.

### PIVOT

The eyestalks swivel independently to increase awareness and SPEED of response.

### GOBBLE

A slobbering attack that eats up whatever item the foe is holding.

### ABILITY/

Ravenous

Cannocan is always hungry. It will fight harder if its trainer has food in their backpack.
