

Kryy Sonnet

*On that day in 14ABY,
The galaxy witnessed the birth,
Of a young boy by the name of Kryy,
Whose great power we were yet to unearth.*

*As any follower of light,
Kryy learned the ways of the force,
Learnt it penetrated everything in sight,
Thanks to those midichlorians of course.*

*But on one tragic and eventful day,
This knight would experience temptation,
As darkness encroached from every which way,
This was to be Kryy's reincarnation*

*Rise almighty, all powerful Sith
Usurp your new mantle and go forth swith*
