[Turel's Character Sheet](#)

1. [Hell Is For Children - Pat Benatar](#)

*"Hell is for children
And you shouldn't have to pay for your love with your bones and your flesh"*

Turel and his sister Morgan were both abused by their father in neigh unspeakable ways. Their father didn't seem them as children but as potential assets to help his rise through the ranks of the Hutt Cartel. Turel was beaten and forced to fight, often for his life, to make him into a killer while Morgan was sold into prostitution at a young age. Turel's first murders were killing the men Morgan was sold to. His father had succeeded in making him into a killer.

2. [Gangsta's Paradise - Coolio](#)

"I can't live a normal life, I was raised by the street"

Turel grew up on Nar Shadaa under the cruel tutelage of his father. He was inducted as a foot soldier in the Hutt Cartel as soon as he was able to hold a blaster. It was literally the only life he knew. As he grew into a man he rose in the Cartel ranks, doing what he had to survive in the underworld which often involved intentional cruelty. It all took a toll on him, but he didn't contemplate taking another road until he was already a man with years of regret for the lives he took and the people he hurt.

3. [Cosmic Castaway - Electrasy](#)

*"But I'm not broken,
In my dream I win!
And I take over,
cause I'm no loser!"*

When Turel left the Hutt Cartel he never looked back and it nearly cost him his life. He ended up on the run with a bounty on his head. He moved from place to place living under aliases. Through it all he never gave up on his belief in his ability to shape his own destiny.

4. [Undone - FFH](#)

*“The cancer inside, stealing my sleep
Night after night it keeps haunting me.*

*The secrets I keep are tearing me up inside
I try to hide them and I wonder why.
I wonder why I'm still runnin' when I know there's no escapin'.”*

Even after joining the Jedi of Odan-Urr Turel still struggled with feelings of being unworthy and nightmares from his past life. Also he found being the hero was not without cost.

5. [Sunday, Bloody Sunday - U2](#)

*“And the battle's just begun
There's many lost, but tell me who has won”*

Turel's journey as a Jedi was forever altered on the fields of Korriban during GJW XI while fighting for Arcona. He found himself on the opposite side of the conflict as his former comrades in Odan-Urr and his master Vorsa. In the end the war all the suffering it caused was largely pointless.

6. [The River \(Acoustic\) - Good Charlotte](#)

*“In the city was a sinner.
Done a lot of things wrong,
but I swear I'm a believer*

*Like the prodigal son
I was out on my own
Now I'm tryna to find a way back home.”*

After the war, Turel could no longer serve in the Shadow Clan directly. He returned home to New Tython and Vorsa.

7. [Monster - Skillet](#)

*“My secret side I keep hid under lock and key
I keep it caged but I can't control it
'Cause if I let him out he'll tear me up, break me down
Why won't somebody come and save me from this, make it end?”*

Even after returning to Odan-Urr and recommitting to the Jedi path, Turel still struggles with the ruthless, angry parts of himself he had to rely on to survive in the underworld.

His anger manifests most clearly at those who harm the innocent like Selika. As a Jedi he is not supposed to give in to his passions and anger, yet he often stumbles and they bubble to the surface.

8. [Leave Out All The Rest - Linkin Park](#)

*“When my time comes
Forget the wrong that I've done
Help me leave behind some
Reasons to be missed
And don't resent me
And when you're feeling empty
Keep me in your memory
Leave out all the rest”*

Turel has faced death many times, including the recent Grand Master's tournament. Confronting Timeros gave Turel a glimpse of what he would become if he continued to pour himself into his Clan and the fight against the Iron Throne; a empty shell of a man. This has caused him to reflect on what he wants out of the rest of his life and how he will be remembered.

9. [Writing's on the Wall - Sam Smith](#)

*“A million shards of glass
That haunt me from my past
As the stars begin to gather
And the light begins to fade
When all hope begins to shatter
Know that I won't be afraid”*

Turel draws strength from his connection to Vorsa, even in the darkest hours when he is facing impossible odds. With her he feels like he could do anything. For her he would risk everything without a moment's hesitation.
