Songs for Disposition and Personality

1. Shamir - On The Regular: <https://www.youtube.com/watch?v=Lp9GgdCgMXk>

(Just an Introduction to the tone of Myrji's personality and his strong-willed nature.)

2. Dizze Rascal - Bonkers: <https://www.youtube.com/watch?v=ISy0HI0SBfg>

(Myrji's has a hard time explaining himself to other people, appearing erratic and weird. In reality, he is having the time of his life, finding enjoyment in all things.)

3. Zara Larsson - Lush Life: <https://www.youtube.com/watch?v=tD4HCZe-tew>

(Even against all the odds, Myrji manages to find optimism. When he reaches an obstacle in his life he jumps over it with a grin and welcomes the challenge of the unknown. In his mind there is always a solution and a next step to take.)

Songs for his Fears, Thoughts and Desires

4. Sia - Reaper: <https://www.youtube.com/watch?v=XeM0IzQhigg>

(His relatively quiet childhood on Alpheridies did not even begin to prepare him for what the Brotherhood was prepared to throw at him. Each day was another dance with survival but he always managed to say 'not today'.)

5. Kimbra - Come Into My Head: <https://www.youtube.com/watch?v=5eDQdYIqhbE>

(As a Miraluka, understanding comes easy. But in a multi-species community it makes it difficult to be understood himself.)

6. AWOLNATION - Run: <https://www.youtube.com/watch?v=mw2kKyJu9gY>

(As a Gray, he is constantly walking the line between Light and Dark. This song denotes his silent warning to his opponents - for although he would do anything for his family, Arcona, part of him is frightened by his own strength.)

7. Ellie Goulding - Home: <https://www.youtube.com/watch?v=MGnO5tCIVIO>

(Even in his darkest moments, Myrji's thoughts turn to his true home and to the people that make it so. It strengthens his resolve and keeps him pointing in the right direction.)

Songs for his Emotional Disposition and Relationships

8. Lucy Rose - Shiver: <https://www.youtube.com/watch?v=1o84y-5-cO0>

(Myrji has had few romances during his time in the Brotherhood, but he has made deep ties. This song represents a past romantic struggle in which he was in a love triangle with Dash Kuatir and Sashar Erinos Arconae.)

9. The World of Adventurers - Hunter x Hunter Soundtrack:

<https://www.youtube.com/watch?v=hMMuxqA2qTk>

(Wandering has always been second nature to Myrji as the Galaxy has always fascinated him. This song denotes the rush he gets when exploring a new environment or learning a new skill.)

11. Band of Skulls - Friends: <https://www.youtube.com/watch?v=QcnbKLB3Y3MU&index=12>

(This song matches the notion Myrji has about his close friends.)

Songs for Adrenaline and Conflict

12. Rush - Cowboy Bebop Soundtrack: <https://www.youtube.com/watch?v=l8wWa3O9cUo>

(This would be the theme for Myrji when he is required to take action. His Battleteam, Styx, is a quick-response crisis squad, tasked with maintaining Qel-Droma's identity a mystery within the confines of its territory and its dealings. Therefore, every crisis is a rush against time, matching the tone of the song.)

13. Bad Dog No Biscuits - Cowboy Bebop Soundtrack:

<https://www.youtube.com/watch?v=EuAzPR0ACVw>

(If Myrji had the time to daydream, this would be the song he would hear whilst in combat. Explosive at times, unusual at others, his fighting style is encapsulated by this song.)

14. Piano Black - Cowboy Bebop Soundtrack:

https://www.youtube.com/watch?v=81m8_5mccgA

(At moments in which a fight or task is too important to play around in, Myrji becomes focused and intense. It is usually when there is something at risk that this song matches how Myrji feels in those particular moments.)
