Title: The Unwanted (Excidium)

Authors note: Deficiencie is the obselete form of deficiency, but still technically a word.

There once was a house on the run
Who had their fun in the dung
They smelled like an ass
Unwanted and crass
No better than vermin hung

A house denied its existence
Yet brags with much persistence
Some say they are crazy
But really they're lazy
Deficiencie their only consistence

Defeat for their house swiftly comes
Their dead march forth with the drums
They don't know their fate
As they storm the estates
Let's crush the unwanted scums!
