

Dark Sacrifice

By Blade Ta'var

When force of will tires,
Inner Fire must fuel desires.
Passion saves the day.

Blood, Sweat, Bitter Tears.
Strife and Agony forge steel.
Strength comes from within.

Look all around you.
Power is meant to be seized.
One, Two, Three... All mine.

Exalted Triumph!
Power growing, I want more.
Farewell my dead foes.

Nothing to stop me.
A Grand Vision I made true.
My chains are broken.
