

Arise!

They came for a cause
They liberated the system of betrayal
As the public would shake with thunderous applause
A friendly force that became a hostile portrayal
Clan Scholae Palatinae took care of the Enemy Sadowans with a just clause

House Excidium as always came through it all
Excidiacs defended the Empire with ruthlessness
With the head of their clans call
The public appealed with fruitlessness
The enemy never had the gall

Excidium has rose again in a time of need
The membership as strong as steel
For anyone who knows of Excidium, do heed
Naga Sadow brought to a heel
The House will be around to do the deed
