	<p>Alexander Raloralei [Professional] [Scavenger] [Sephi][Male], [Right Handed] Height: [1.82]m / [6'0"]ft. , Weight: [81.64]kgs / [180]lbs</p>	
<p>Physical Description</p>		<p>Preferred Weapons</p>
<p>As most Sephis, Alexander has lavender-pink colored skin that made his dark chocolate eyes stick out even more. He usually can be found wearing neutral tones, such as grey or brown. Alexander never goes anywhere without his satchel, his scavenging bag he keeps all of his new-found goodies in. His hair is shaggy white color, and is never fashioned in a particular way. It's just barely touching his shoulders in length. He has an almost symmetrical shaped face save for a scar just above his left eye. Alexander also has his left ear lobe pierced with a gold tassel-like earring, a symbol of his Sephi clan.</p>		<ul style="list-style-type: none"> * 1 Dagger * 1 Blaster D-17 * 1 set of throwing knives
<p style="text-align: center;">General Aspects</p>		
<p>Built to Run</p>		<p>Survivalist Instinct</p>
<p>Alexander's body is built for agility and acrobatics, but not so much for strength. Being a street-rat his whole life, he is very much used to running, jumping, skipping, and bounding anywhere he needs to in order to get away. However, he is not very strong when it comes to physical combat, and tends to trick his opponents out of heavy fighting.</p>		<p>Alexander is extremely resourceful, allowing him to survive on the streets as long as he has. He's always thinking of new innovations to begin. This usually tends to lead Alexander to start projects he can't finish, and doesn't allow for Alexander to stick in one place or in one thought pattern for long.</p>
<p style="text-align: center;">Personality Aspects</p>		
<p>The Name Doesn't End!</p>		<p>Street Rat Don't Buy That!</p>
<p>Alexander...raloralei. The name kind of just keeps going. It's a perfect metaphor for how Alexander feels towards his family. His heritage and clan mean very much to him. He is highly protective and dedicated, and can get rather offended if anyone says the slightest of ill comments towards his family. This can also tend to make him defensive of his race.</p>		<p>Alexander never really has learned the definition of true consequence. He's "thieved" and tricked his way into the hearts of women, friends, and family, but has never dealt with nor experienced heavy sense of responsibility. It makes him a very care-free soul, but he isn't one for serious conversations or threats.</p>
<p style="text-align: center;">Combat Aspects</p>		

Flight, not Fight!

Alexander is very agile and extremely graceful on his feet. He can swing every which way he needs to in battle. He usually doesn't stay on the battle scene for long, and tries to avoid violence as much as possible.

Knife Thrower

Due to utter boredom of living in a box, Alexander grew very talented in throwing knives. He has great accuracy in this, and uses this talent to scare off attackers, or leave them stuck on various hangings. Without his knives, he feels very vulnerable.

Notes/Extra

I apologize for the nerdiness, but I did base him off of what I think Aladdin would be as a Sephi. Yeah. Lame. Probably.
