

He possessed Xen's body  
Tore our clan apart, mistake  
We will free our emperor

Fallax, that bastard  
Killed Delak for his fun  
I will avenge him

Another friend lost  
Major Sparky von Wagglehorn  
I will miss you friend

Blood runs down the street  
Dawn disciples die all around  
As my rage grows deeper

War has claimed friends  
The New Dawn will pay with blood  
They will fall to me
