

To join with us you cannot rest, because you must pass Vodo's test
Alaris makes but one decree, to participate is his ceaseless plea
Lest you see Rhyllance's blood boil as he decides if you are loyal
Do not let paranoia cloud your mind, a better home you cannot find
Rian is Ektrosis' leader, a House you may find to be a keeper
Your other choice is Dinaari, which may also suit you comfortably
Accept and be our invitee and you will shout on both land and sea
Now I belong to the greatest clan, the one that is called Taldryan
