## **DESPERATE MEASURES**

The Brotherhood is at **war**.  
In an desperate attempt to  
make up for its losses, the  
betrayed Clan **Taldryan**,  
has allied with the Jedi of  
**Odan-Urr** in an attempt to  
seize the control over a  
shipyard on the planet **Edrien**.

With the **death's** of their Brothers  
still burning in their **hearts**,  
little do they know that from a far  
the Grand Inquisitor Ishanta is **planning**  
the demise of both Clans by setting up a  
**trap** within the Stardestroyers on the  
shipyard.

As the battle in **space** rages on, **victory** is at stake  
when the Grand Inquisitor is springing her trap.  
But there is still **hope** as Ishanta is underestimating  
the powers of the Clan's allied Forces....
