Havost is a tall, muscular woman with a large frame. Her skin is tan from years of combat and covered with scars. Her hair is pale white, kept in a tight mohawk. She has the tattoo of a bleeding skull on the left side of her head, where she is also missing the upper lobe of her ear.

KiSteer 1284 Projectile Rifle

Blastech W-90 Concussion Rifle

Hunting Knife, modified

Brass Knuckles

### **Aspects:**

#### General:

#### **They're Animals, and I Slaughtered Them Like Animals**

Havost has a legendary and virulent need for vengeance. Once crossed, she will make it her life's work to ensure that whatever slight was received is repaid tenfold. This need for vengeance can be all-consuming, and can often lead to short-sighted decisions.

#### **You've Failed Me For the Last Time**

Havost possesses a cold and completely uncaring demeanour. This will manifest itself in the fact that when push comes to shove, Havost will just as soon leave a struggling ally behind

rather than put themselves in danger. While this may ensure her survival, it often leaves her as an outcast amongst her peers.

### Personality:

#### **Do You Like Apples?**

Havost is extremely cocksure and headstrong. Possessing a keen wit and exceptional level of intelligence, Havost will often use her superior intellect to humiliate lesser minds. Basically, she is a kind of a jerk, and that can sometimes get Havost in a bit of trouble.

#### **Universal Soldier**

Havost has a military background, and draws upon her experience to tackle the obstacles in her life. This makes her decisive, efficient, and fearless; provides her with a strong sense of duty and strength; which tends to influence her ability to fight and lead. However, a rigid mind is less compassionate towards individuals and less imaginative, and Havost sometimes risks appearing callous, relatable, or incapable of compromising.

### Combat:

#### **Always Prepared**

Sometimes the only way to prepare for the worst is to always expect it. Havost takes this philosophy one step further by never leaving home without accounting for every possible scenario she might expect to encounter. Havost tends to always have the right tool or item for a situation and has a habit of quietly and almost smugly presenting solutions before anyone even recognizes there is a problem. This foresight is far from infallible, however, and she often finds herself at a loss in situations that go beyond what she could have imagined. While incredibly practical and often a life-saver in a pinch, her perpetually pessimistic outlook on daily life can be a bit draining on more optimistic-inclined companions.

#### **Dirty Fighter**

When it comes to a fight, some like to posture, some like to act tough, some like to dance around and go through all sorts of fancy footwork. Havost? Havost doesn't bother with exotic battle stances, intricate maneuvers, or super-secret tactics. Havost, when cornered into a fight, prefers the ancient technique of a good kick to the nuts. And if that won't work, either because the enemy is a woman or has balls of steel, Havost isn't beyond pulling a few more cheap tricks out of the bag. Granted, Havost won't be winning any medals for nobility or any prestige for a

unique fighting style or a superb maneuver, but she will still be winning, the best and most dirty way he knows how.
