Physical Description Nesli San Rrakish is a lithe, yet muscular woman. Her reddish tan scaled skin usually stays covered up, except where her custom cybernetics attach, and where there were significantly grand battle scars. The Custom cybernetics, extend from both of her knees, where both limbs were cut off. She always wears her white mask, with black stripes running down either side, and the semblance of the Collective's three pillar logo at the corner of the eye slits. General Aspects		
Strategist Through a combination of preparing, studying, and analyzing, Nesli San Rrakish creates detailed battle plans and tries to think two steps ahead of the enemy. At times, however, this can lead to Nesli San Rrakish creating complicated schemes that can baffle less intelligent subordinates.		Didn't Say Anything About That Be it during a fight or life in general, moral compass means little to Nesli San Rrakish. If you don't want a person harmed, you had better specify. General terms mean nothing to her as Nesli San Rrakish only deals in specifics. If the rules of a duel say you can't shoot before the count of three? A grenade over the shoulder is fair game, then. Tell Nesli San Rrakish to stop someone at all costs, well, you better not be concerned if they're brought back dead or alive.
Personality Aspects		
Natural-born Killer Killing has never been a problem for Nesli San Rrakish; and she kind of enjoys it now, if she is honest. Killing's what Nesli San Rrakish does, and she likes what she does.		You've Failed Me For the Last Time Nesli San Rrakish possesses a cold and completely uncaring demeanour. This will manifest itself in the fact that when push comes to shove, Nesli San Rrakish will just as soon leave a struggling ally behind rather than put themselves in danger. While this may ensure her survival, it often leaves her as an outcast amongst her peers.
Combat Aspects		
Dirty Fighter When it comes to a fight, some like to posture, some like to act tough, some like to dance around and go through all sorts of fancy footwork. Nesli San Rrakish? Nesli San Rrakish doesn't bother with exotic battle stances, intricate maneuvers, or super-secret tactics. Nesli San Rrakish, when cornered into a fight, prefers the ancient technique		He's No Good To Me Dead Nesli San Rrakish doesn't like to kill people; instead she chooses to injure her opponent until that person is unable to fight back or is otherwise incapacitated.

of a good kick to the nuts. And if that won't work, either because the enemy is a woman or has balls of steel, Nesli San Rrakish isn't beyond pulling a few more cheap tricks out of the bag. Granted, Nesli San Rrakish won't be winning any medals for nobility or any prestige for a unique fighting style or a superb maneuver, but Nesli San Rrakish will still be winning, the best and most dirty way she knows how.

Notes/Extra

Second in command to Kendra Icasta.

Trainer of new Huntresses.

Is very loyal to the Collective's cause, especially since her right leg had been damaged when younger, by a Sith's saber during a fight with a Grey Jedi, while she was simply a bystander.
