

<p>Headshot/Image</p>	<p>KORIN SLOGHANNER Colonel, Hunter, Weapon Specialist Togruta Male, Left Handed, Dark Side Height: 1.9558 m / 6' 5" ft. , Weight: 101 kgs / 222.667 lbs</p>	
<p>Physical Description</p>		<p>Loadout Weapons</p>
<p>Korin's large frame support the well-muscled torso of the soldier. His red complexion is broken up by white tattoos that serve to complement the Togruta's striped montras. A series of scars can be seen tracing down his body, painting the picture of a rough past. One eye was forcibly removed by Korin's Collective masters, leaving a glowing metallic prosthetic in his right eye socket. Scars continue down his left arm toward a slightly mangled right hand.</p>		<ul style="list-style-type: none"> * 1x E-11 Blaster Rifle * 3x Thermal Detonators * 2x Laser Trip Mines * 1x Vibroblade * 1x Vibrodagger
<p style="text-align: center;">General Aspects</p>		
<p>Mad World Korin Sloghanner has a sick sense of humor, viewing the world through dark colored glass. He has a biting sense of black humor, often laughing at things that most people would find reprehensible or down right soul crushing. As a result, those that are not used to his brand of humor often find Korin downright unbearable or overly morbid. At the same time, his cynicism can be useful for seeing through the optimistic altruism of those he encounters.</p>		<p>Death to the Force The character is a firm believer that the galaxy at large would be better off without the Force, those that command it, and those that follow them, mirroring the views of Liberation Front leader Rath Oligard. After watching the galaxy burn time and time again during his relatively young lifespan, The character has devoted himself to eliminating any notion of the Force from the galaxy, starting with agents of the Dark Brotherhood.</p>
<p style="text-align: center;">Personality Aspects</p>		
<p>Do You Like Apples? Korin Sloghanner is extremely cocksure and headstrong. Possessing a keen wit and exceptional level of intelligence, Korin will often use his superior intellect to humiliate lesser minds. Basically, he is a kind of a jerk, and that can sometimes get Korin in a bit of trouble.</p>		<p>Just Plain Selfish Korin Sloghanner rarely acts without an alternate motive when it comes to lending aid or acting in a situation. Be it greed, power, or something else, almost undoubtedly Korin is after something more than what he says - though sometimes Korin is even blunt enough to admit to it. While his self-serving attitude comes as a boon, usually, to his survival and pocketbook, his relationships are often strained by his outright selfish attitude.</p>
<p style="text-align: center;">Combat Aspects</p>		
<p>Burn Their Fields When Korin Sloghanner attacks, he does so with reckless abandon. He does not care for who gets caught in the splash damage of an explosive, or what losses might be endured so long as he is able to complete his self-proclaimed mission.</p>		<p>And Raze The Village Korin takes the time to properly destroy the equipment and means of his enemies both during and after combat. This allows him to eliminate the options of his opponents, and to help ensure they cannot strike him back easily.</p>

He seeks the destruction of any Force-users, particularly holding hate for those associated with the Dark Brotherhood. His single-minded determination has the tendency to get his less-skilled allies injured or killed.

This mindset causes him to lose focus on the larger tactical advantage to pressing an advantage. As such, an opponent who is not killed in the initial attack may escape his immediate reach and may thus escape.

Notes/Extra

Subscribing to the ideals of the Collective as preached by Rath Oligard, Korin has declared himself a hunter of Sith and Dark Jedi, in particular those who have been- in his eyes- oppressing the Orian system. As such he has sworn an oath against the Sadowans.

After an encounter with then-Proconsul, Bentre Stahoes, on the planet Sepros the Togrutan Mercenary made the Corellian Sith the focus of his latest hunt. To this end, he will pursue the Sith as far beyond the Sepros system as necessary to destroy his quarry.
