<b>General Aspects</b>		
<p><b>I Can Fix That</b></p> <p>If it has an electronic circuit or gears, Butaad Bred thinks he can fix it; everything from holopads to starships. To Butaad Bred, even the most random assortment of scraps from a junkyard can be used to create something useful. he has a knack for fixing things that are broken, and his confidence in this ability borders on arrogance, and if he fails to fix something, he is prone to fits of anger and annoyance.</p>		<p><b>We Must Protect This House!</b></p> <p>Butaad Bred is devoutly loyal to his House or Clan and will follow orders unquestionably. He would sacrifice his own life to protect his House or Clan from harm. This attitude, however, often clouds his ability to see things from an arbitrary or objective point of view and he can come off as extremely narrow-minded.</p>
<b>Personality Aspects</b>		
<p><b>Universal Soldier</b></p> <p>Butaad Bred has a military background, and draws upon his experience to tackle the obstacles in his life. This makes him decisive, efficient, and fearless; provides him with a strong sense of duty and strength; which tends to influence his ability to fight and lead. However, a rigid mind is less compassionate towards individuals and less imaginative, and Butaad Bred sometimes risks appearing callous, relatable, or incapable of compromising.</p>		<p><b>Don't Call Me Small!</b></p> <p>Butaad Bred is known for walking tall despite being of below average stature. he is quick to anger when called out for his height, and is not afraid of taking on an opponent regardless of their size or intimidation factor. This same tenacity makes Butaad Bred easier to rile up, which can be a good or bad thing depending on the situation at hand.</p>
<b>Combat Aspects</b>		
<p><b>Minister of War</b></p> <p>Butaad Bred has a military background, and draws upon his experience to tackle the obstacles in his life. This makes him decisive, efficient, and fearless; provides him with a strong sense of duty and strength; which tends to influence his ability to fight and lead. However, a rigid mind is less compassionate towards individuals and less imaginative, and Butaad Bred sometimes risks appearing callous, relatable, or incapable of compromising.</p>		<p><b>Always Prepared</b></p> <p>Sometimes the only way to prepare for the worst is to always expect it. Butaad Bred takes this philosophy one step further by never leaving home without accounting for every possible scenario he might expect to encounter. Butaad Bred tends to always have the right tool or item for a situation and has a habit of quietly and almost smugly presenting solutions before anyone even recognizes there is a problem. This foresight is far from infallible, however, and he often finds himself at a loss in situations that go beyond what he could have imagined. While incredibly practical and often a life-saver in a pinch, his perpetually pessimistic outlook on daily life can be a bit draining on more optimistic-inclined companions.</p>

#### Notes/Extra

Butaad Bred is a budding, young tank commander who spent much of his life rising through the ranks of the old Jusadih Military prior to the Horizons Crisis. He is a true student of the art of war, and studies both allies and enemies in order to gain an upper hand in any battle. He has high desires to lead a large army into battle, but his superiors seem to never give him the opportunity. Because of this, he has a knack for circumventing the chain of command in order to place himself in a better suited role.

Recently promoted to Lieutenant, Butaad serves as the officer in charge of a unique Togruta-only tank crew. Their unique methods of communicating and their belief that a team is as strong as its weakest member has earned the Scone Squad a reputation as one of the most efficient crews in the Legion.
