

Establishment Name: Mustaraunt

Rating 5/7

OMG! This is liek the best resteraunt I've ever eaten at. Granted, I don't have much experience, it not being something my mother could afford often but I've sampled some variety of establidshments during my adult life. The Mustafarian Lava Cake was particularly enjoyable. I would recommendf to my friends but they don't eat food. I'd give it a perfect 5/7.
