| <p>Telaris "Mav" Cantor is a tall near-human male. Despite being middle-aged, he is seen as an attractive man, with wavy brown hair that is starting to grey and deep brown eyes. His features however do not go to the extreme levels of "perfection" typically found among the Hapan subspecies.</p> | | <ul style="list-style-type: none"> * Golden Lightsaber * INQ Stiletto * DL-44 |
| General Aspects | | |
| <p>The Worst Mav has found himself owner of the moniker "The Worst". Allies use it in jest, enemies hold to it as fact. Mav owns this title as a strength, not a weakness. Successes are all the more sweet, and failures are tempered with lower expectations. None seem to suspect this title came from Mav's own plans for control, the long con. It has led to the occasional setback of making new acquaintances disregard the title enough to work with him however.</p> | | <p>Power is Knowledge, Knowledge is Power Years of study and preparation have led to Mav ascending to take the Iron Throne. Rising from a meager orphan, to loyal son of Taldryan, High Inquisitor, and finally Dark Lord of the Sith, Mav's mind and knowledge of the galaxy at large has served him well.</p> <p>His hordes of scrolls, holocrons, and tablets are kept under careful guard. Anyone seeking to learn from his private stashes are dealt with harshly.</p> |
| Personality Aspects | | |
| <p>Unconventional Darkness Even as the Dark Lord of the Sith, Mav leads as a non-traditional Sith. Mav sees the Force as much more than the violent edgelords of darkness, and the puritanical saintliness of the light. Where so many Grand Masters had fallen to wallow in darkness alone, Mav walks his own path. Cruelty and Compassion both have their place and time.</p> <p>As such, many who interact with him, expecting the Dark Lord to be actually evil, are often caught off guard, never knowing what to expect and how he will react.</p> | | <p>Mine by Right Mav has always strong willed. His ascension to the Iron Throne has made that all the more worse. Few can match his levels of cocky, self-assured mentality. He is Grand Master for a reason, and that reason is all about him being the best, smartest, strongest one in the room. With no one truly above him beyond the illusive Star Chamber, Mav answers to no one but his own will. It is his way or the highway.</p> |

Break the Mind, Not the Body
 Mav is a capable and seasoned warrior. Despite ample time on the battlefield, Mav still prefers to weaken his enemies' mental state instead of their physical state. He has won entire conflicts all without ever igniting his lightsaber.

This approach in utilizing Illusions, Mind Tricks, and projections comes as naturally as breathing to the Grand Master. Only the strongest minds can withstand him. However despite this, being caught off guard, or rushed with a lightsaber can still throw his game off.

Let Them Bleed
 Mav fights to submission not death. He will kill when he has to, but finds greater pleasure and satisfaction in besting an enemy who then has to live with that defeat hanging over them. The mind can break and the body can bleed, but the heart keeps on beating.

This only strengthens the hatred some of his defeated foes feel towards the Grand Master, and last minute instances of resolve and bravery have led to Mav having to act quickly to defend himself.
