<p align="center">General Aspects</p>		
<p>Feet First into Hell As long as Mav is first in, he will make sure none of his comrades are put into needless danger. Knowing he has the Brotherhood backing him he can ignore any minor injuries be it a blaster graze or a cut from a blade (does not account for lightsaber wounds)</p>		<p>Professional in All I Do Dressed nicely out of combat, knows what he's talking about, that is the general idea of Mav. He prefers to stay professional as long as possible until it is no longer possible to do so.</p>
<p align="center">Personality Aspects</p>		
<p>I Can be Nice to When around his men he gains a warm mess that no other can compare to. Compassion to his men, but on the field against a hostile of any number he becomes cold and focused.</p>		<p>I Get The Last Laugh, Always Even when sparring Mav makes sure he wins. As long as he gets the last laugh, the last word, and is the last standing, he considers it a win no matter the losses before the resulting conclusion. If he is the last or only man in the battlefield against the enemy he will charge in headstrong without worry and take out as many as he can before stopping.</p>

Good Ol' Sheev
 Mav will fling himself onto the enemy to disorientate them much like a Sith Lord before him did once in a Chancellor's office. With his lightsaber drawn and a spinning stab he can place fear in many of they are weak minded enough.

Brewing A Storm At My Fingertips
 Mav can create many things, but after much practice he gained the ability to create full storms with his will and power in the Force. Let the rain commence and the wind blow you away.
