

Item Name: Sound Nullifier

Item Category: Electronics

Proposed Store: Brotherhood Trading Company

Proposed Rarity: Epic

Item Description:

Sound Nullification technology has been rumored to exist for hundreds, possibly thousands, of years. But it was never conclusively proven to actually function until it was found in the hands of elite Collective operatives. In order to cancel all sound, the Sound Nullifier emits exactly the opposite sound wave to the sound waves already in the area. This creates a wall of silence within a specific area. The less or more sound waves floating around an area, the larger or smaller the possible area. Maximum limits can be set.
