

COMBAT VAMBRACES

Takagari "DarkHawk" KogaRyu #264

- Item Name Combat Vambraces
- Item Category Type: Weapon (Miscellaneous)
- Proposed Store Celebration Store
- Proposed Rarity Rare
- Item Description: Combat Vambraces are a multi-functional detailed weapon worn around forearm and hand.
 - Gloves - feature fully retractable 4.5 cm blades for striking flesh or soft materials.
 - Gauntlets - feature a fully integrated CPU and communications with holoprojector.
 - Weapons and sensor data is displayed within a HUD system. As a secondary means of monitoring, gauntlets feature a touchscreen to control the weapons and features.
 - Targeting – Weapons, sensors and targeting link to HUD provide computer assisted targeting.
 - DV-8 Repulsor – Projects repulsor field up to 20 meters. Delivers powerful push/pull capabilities.

- Holo-Projector – Capable of 3D holograms as part of the Communications interface to include 3D tactical information.
- Communications – Receives/transmit with translation and encryption capabilities.
- DuR-24 – BlasTech Industries delivers blaster rounds via smaller compact hands-free application.
- Energy Shield Projector – Produces transparent circular force/field (variable diameter)
- Tracker – Launches tracking devices to covertly track targets.
- Dart Launcher – Fires tranquilizer, stun, shock or explosive darts (5).
- Scallops - The scallops typically serve a defensive purpose and are used to defend against bladed weapons, such as swords or knives. Capable of launching the scallops as projectiles via small pressurized propellant.

Vambraces, forged from various alloys and custom material. With installed sophisticated electronics and weapons, causing vambraces to be slightly heavy, slower reaction/movement time in combat. HUD capability must be linked with HUD capable helm(s).

Custom Aspect #1 (Armor Modification) – Retractable blades and scallops can be forged from steel or vibrosteel

Custom Aspect #2 (Cosmetic) – Vambraces can be forged Black as Night, Shiny new or dull and worn

Custom Aspect \$3 (Poison) – Darts can be coated with various poisons. Must have poison aspect selected.
