INTRODUCTION:

The following audiobook is a retelling of the Great Jedi War 13 Prologue,
as told from the perspective of Shooter McGavin in a debrief to the Clan Vizsla Summit

DECLAN:

Shooter? Shooter are you there?

Are you frakking drinking on the job again McGavin?!

SHOOTER:

Oh hey. What am i supposed to do on this ship with these populists and bantha milkers.

DECLAN:

Get your act together McGavin, you know what we have riding on this.

What's your SITREP?

SHOOTER:

Oh, ok... (quietly) that's a good mickey. So there I am in the briefing room.

This Deputy somebody, lets call him Big T,

He's up on some fancy chair, just glaring at everyone.

You know how those Sith are?

Seemed to be real impressed with himself and his fancy ship.

I have to admit, the liquor cabinet in the corner that was pretty impressive

The other Clan representatives... well... lets hope we don't need

to do any real work not sure how much help they'll be

So first up we got this Weequay from Clan Scholae whatever, you know the type

Looks like a 300 year old man who laid in the sun on Tatooine his whole life

Think his name is Flux Capacitor or something like that

So this keener from Odan Urr shows up, thinkin' that he's looking like

some kind of Bobby Or spendin all kinds of time fixin' his shiny hair

like he's getting ready to go shoot a movie on a holovid.

Apparently Clan Naga Sadow is real equal opportunity, they sent a cripple.

Ya gotta respect the fact that they don't care what your disabilities are

as long as you can get the job done right

MAJOR SCARLET

Tell me Shooter, was Colonel Angus there?

SHOOTER

Seriously? I introduced you to Colonel Angus one kriffing time
and now every time I do a briefing

You're always asking me about Colonel Angus?!

MAJOR SCARLET

You do know we haven't seen Colonel Angus around these parts in a long time

I do so love Colonel Angus

SHOOTER

Oh i know

Once a woman is introduced to Colonel Angus she'll settle for nothing less

Montessor

I heard Colonel Angus was headed to Arx's deep south, it's very humid there

MAJOR SCARLET

Oh! Thank you Monty, it's so nice to hear you talk about Colonel Angus

SHOOTER

Anyhoo...

Plagueis sent a Chiss woman, shocker there, they love their dancers and slaves.

Probably cause the only way they can keep a lady around is by sticking them in a cage.

She was a looker though, very visual distraction from the briefings

Taldryan sent their Grandma, she was some sort of Zeltron

I dunno, hopefully she can still get her lightsaber up in her advanced age

But the best oh man, the best

Oh Declan, you won't believe this

Arcona sends some meek little girl, she won't even look us in the eye

She's got these weird goggles, they were thicker than trans -pari-steel

on a Correlian Fighter

A real bunch of gems, I bet that Arcona girl was gonna start crying the minute she got into a real firefight. I mean where do they find these people?

How many people like this exist in a place called the Dark Jedi Broth-

DECLAN:

Shooter, back on target. We don't have the time for this.

SHOOTER:

Oh, right, sorry

So fancy pants stands up and just starts givin' 'er

Probably thinks we're all going to break out into applause at the end

EVANT:

Good day

Thank you for your impetus in joining me on this diplomatic endeavor

We will be arriving shortly in the Lyra-3k-a system, where we will be rendezvousing with the diplomatic vessel Ninnox.

The Lyra 3K-a system is considered a 'neutral' territory by the New Republic,

with several key stakeholder interests in the Sevarian Principate.

We've identified three primary areas of interest

that the Brotherhood will be focusing on during negotiations.

SHOOTER:

I'm tryin not to fall asleep and this windbag just keeps givin' 'er

EVANT:

To start, the Principate have granted the Brotherhood permission to visit

the moon world orbiting the gas giant Eorilia,
there they have established a colony simply named: Lyra Colony
The colony was built on top of the of ancient, subterranean ruins.
As a gesture of good faith, the Principate has invited us to help explore these ruins
with the hopes of sharing information gleaned
Between the Imperial Reclamation Society and the Principate's Archives.
What interests the Grand Master more, of course, is the
remnants of the Jedi Temple that was discovered,
and its ties to the Order of Aspectu.

SHOOTER:

I feel like the old boy should have cue'd some super spooky music or
something about there.
Maybe conjure up some force Ghost to jump out at us
But nah, the Jedi boy starts rambling about some sort of history lesson

DAMIEN BACKADDER:

The Ordu Aspectu was a splinter group of the Jedi Order,
but I know that the High Councilor would be very interested
in seeing what has been recovered

SHOOTER:

So I'm like, "So how high is your Councilor? You're a bunch of Jedi in a place
Called the DARK JEDI BROTHERHOOD."
I look right at Deputy Grand Poobah and just go, "I'm all in.
"dese Vizsla guys got it locked down. The rest of you just chill"
And he's all grateful amd like

EVANT:

Thank you

Second, the Brotherhood will be making contact with the Temnos Excavation Co.

They will observe their operations on the moon, pending approval from the Principate.

We hear they have struck a rare kyber mine, which I'm sure I don't need to explain how that could become an invaluable trade partnership for ACE.

We have identified an old shipyard that could become a much needed asset to refueling and repairing our fleet—

SHOOTER:

And that's when the equal opportunity guy cuts the old geezer off.

ADMIRAL SIMONETTI

—According to these reports, it seems that an independent contractor has been working to restore it to being fully operational

SHOOTER

I thought Big T was going to throw some crazy Force Lightning and Shock the hell out of the guys Colostomy Bag, but instead he just rolls with it. Declan you would have crushed this dudes soul.

EVANT:

This is why I suggest we operate with caution.

My hope is that we can find out more about the shipyard

during the deliberation with the Principate.

SHOOTER:

Of course at this point everybody wants to talk

Everybody's trying to look smart and stuff in front of the Big Guy

ZADOSA

Seems pretty straight forward

SHOOTER:

Really Captain Obvious? That's your contribution?

AMARI ANA

And is there anything else we should know about the Principate representatives?

SHOOTER

Oh c'mon, do your homework he already gave us that

EVANT:

You've been given dossiers on the three we will be meeting on the Ninox,

Make what preparations you need,

we will be arriving in Lyra-3K-a in a few hours. Dismissed.

One people, One Galaxy, One Brotherhood!

SHOOTER

So everybody's getting up to leave

Me? I'm making a bee line for that liquor cabinet

See if I can find another mickey in there

And before I realize it the weird girl with the goggles is sitting down

I'm thinking, "Holy crap, Arcona sent a deaf kid to the briefing"

EVANT

Miss...D'slan, was it?

Is there a reason you're wearing those tinted glasses...inside the ship

Are you hiding something? Is it the holocrons?

Do you have them in the attic?

SHOOTER

She's deaf AND blind man, that's why she's still sittin' there wearing those goggles

But then she speaks, which was the most shocking thing of the whole brief

VIOLET D'SLAN

HEY... Mr Deputy Grand Master, if Lyra's moon was made of cheese, would you eat it?

DECLAN:

She actually said that?

SHOOTER

Yeah... I'm pretty sure

DECLAN

Bro, how many drinks have you had?

SHOOTER

Ummm... sorry, so before he answers she keeps going

VIOLET D'SLAN

I know I would, it'd be so delicious!

Oh. Um...The goggles I was instructed by M-Miss Vasano not to remove them

for the course of this diplomatic m-mission,

HEY! If you got told to take off your goggles would you keep em on?

...

It's a simple question sir, a baby could answer it

Well... I know I would

SHOOTER

Big T didn't know what to say.

He probably was already thinking about firing the entire Arcona Summit

EVANT

Right, well, whatever works for you

Return to your lodgings to prepare, quickly!

SHOOTER

I have no idea what that girl coulda actually prepared for

Maybe a spelling bee?

So I'm there, plundering Big T's finest whiskey and he looks straight at me

And I'm thinking, "Really? Is he going to kill the most capable person in the room over some whiskey?"

So instead the little old Sith Man just shakes his head, looks sad and walks out of the room.

DECLAN

So that's it?

A fancy speech with a bunch of information that we already had

From the dossier they sent us before the mission even started

SHOOTER

That's all this hoser's got for ya, where'd I put my touque?

DECLAN

Now I understand why you're drinking
