Plot Synopsis:

During a time of battle between the Forces of the Dark Brotherhood, The Collective, and The Severain Principate, Clan Arcona has a mission of their own. 4 teams have been dispatched onto the moon of Thillion, each with a duty to perform. An intense thrill ride awaits these eleven souls as they face opposition at every turn. Failure is not an option, and only together do they have a hope of succeeding, and staying alive. But even in a Clan such as this, you had better watch your back. With everyone having their own agendas, you never know who can be trusted, and who wants you out of the picture.
