

<p>Headshot/Image</p>	<p>Casper Bogtrotten Scoundrel [Clawdite][Female], [Right Handed] Height: [1.6]m / [5'5"]ft. , Weight: [56.6]kgs / [125]lbs</p>	
<p>Physical Description</p> <p>Casper's natural form consists of a natural yellow-green tint and eyes match that. Clawdite have no hair to speak of but their skin has a leathery texture to it. Casper prefers to take on a human-ish appearance which usually resembles a female Kiffar to blend in. She has an average figure, not having much time to maintain tip-top shape. Her style is very basic consisting of typical merchant clothing. Casper has no known markings or tattoos.</p>		<p>Loadout Weapons</p> <ul style="list-style-type: none"> * 1x Machete * 1x Striker Pistol
<p>General Aspects</p>		
<p>Bothans Do It From Behind</p> <p>Casper will never go into any situation head-on. Whether it be combat or just strolling down the street, she will stick to the shadows or cloak herself in the Force. The less she is seen, the better. If she cannot sneak up on someone, then Casper will not bother confronting them.</p>		<p>Dirty Rotten Scoundrel</p> <p>Bogtrotten is a master of the 'tricks of the trade' - the cheating and stealing trade, that is. With a certain propensity and natural talent for stealth and thievery, she is a professional when it comes to crimes, from minor to major. Sometimes it is as simple as a few more favorable cards in a hand to a set of sticky fingers to something as big as a heist. Either way, Casper knows her way around a job. However, everyone is bound to get caught eventually, and reputations have a way of finding a way to bite you in the rear. . . not to mention those looking to extract a little vengeance.</p>
<p>Personality Aspects</p>		
<p>All Work, No Play</p> <p>Casper considers her work to be the most important aspect of her life. This borderline obsessions with the "job" leaves little room for any kind of personal or social life, making it difficult for Bogtrotten to relax and enjoy spending time with others. she excels in activities that relate to their work, but the idea of work-life balance is an altogether abstract concept.</p>		<p>Glass Half Empty</p> <p>Casper manages to always see the down side to every silver-lining, joyous occasion, or victory. Where some may see a boon, Emere Galo will often see the curse accompanying it, just around the corner. Bogtrotten's constant pessimism can often lead to conflict and the annoyance of those around her, not to mention the dampening of spirits. However, this mindset is not without its benefits, for a pessimist is far more likely to be prepared for the worst and be left unscathed by it - after all, none are more prepared for the worst case scenario than the ones expecting it all along.</p>
<p>Combat Aspects</p>		

Dead Sprint

When Casper gets in trouble, she finds no fault in bravely turning tail and getting the hell out of dodge. Obviously, this means that she tends to survive even the most deadly encounters... but the same can't always be said for her compatriots. This fact hasn't exactly made her the most popular among her peers, but hey, at least she isn't dead yet.

It's A Trap

Casper has an uncanny knack for identifying traps and alerting others to them. Now, if only she could consistently do it BEFORE the trap goes off...
