Ingredients:

1 ½ oz. [Dust Juice](#)

1 ½ oz. [Tsiraki](#)

1 oz. [Port in a Storm wine](#)

1 ½ oz. [Lothalian currant wine](#)

Garnish: [Meiloorun fruit spear](#)

3 large Ice cubes

A tall thick 8 oz glass

A shot glass

A bartenders spoon

Putting it all together:

1. Start by pouring the 1 ½ oz of Lothalain Currant Wine into the bottom of the glass.
2. Put one ice cube in the glass.
3. Gently pour the 1 oz of Port in a Storm wine on top, being careful not to mix the two wines.
4. Repeat step 2, again being careful not to mix the liquids.
5. Using the back of a spoon, gently pour in the Tsiraki liquor on top.
6. Fill the shot glass with Dust Juice, place the spoon over the top. Using the spoon as a strainer, gently pour the dust juice in a swirling motion over the top of the Tsiraki, barely mixing the liquids in a swirl pattern.
7. Set the final ice cube in the middle of the drink.
8. Gently insert the Meiloorun fruit spear into the side of the drink.
9. Enjoy the sweet, sour, and fortifyingly bubbly drink.
