

## Phantom Profiles

A gift that only few receive,  
Bestowed upon this child.  
The chance for greatness to achieve,  
Opportunity has smiled.

A dream that many once have reached for,  
Lies within his reach.  
A path that could lead him to soar,  
For this destiny beseech.

Once a road appearing clear,  
Now stretches ever onward.  
Falling short of every peer,  
No challenges left conquered.

Frustrated and left in defeat,  
A new way must be found.  
Resolved to now become a cheat,  
With intentions to be crowned.

With his failure came disgrace,  
Expulsion and exile.  
Tears of anger stain his face,  
His thoughts becoming bile.

The Phantoms come with open arms,  
Seeking their Assembly.  
He does not resist their charms,  
His soul is now left empty.

Vonsoondo Gantoy is a Weequay man born on Aliso with the gift of the Force. He wanted nothing more than to join the ranks of the Sith, but his connection with the Force was weak and he struggled in the Academy. Frustrated with his inability to progress, he tried to cheat his way to the top, but was discovered and kicked out of the Academy. He quickly came to resent Plagueis and the Brotherhood for this, joining up with the Phantom Assembly after a serendipitous encounter with one of their members. He is not a particularly potent Sith, but he makes up for it with his sheer ambition and selfish cunning.
