

# Principate Class II Frigate

Item Name: Principate Class II Frigate

Item Rarity: Rare

Item Cost: 13,750,000

The Principate Class II Frigate is a 400-meter long Frigate designed hybrid carrier and patrol vessel. It is armed with four dual turbolaser turrets, four dual ion cannon turrets, and four dual point-defense laser cannon turrets. It also has four tractor beam projectors. Hyperdrive capable, this vessel has average maneuverability, speed, and armor with heavy shielding. Developed by Severian Principate, it is based on the hull form of the Acclamator-class assault ship. The Class II Frigate was designed to counter the rising threat of piracy committed by the Tenixir Revenant by acting as a capable warship that can deliver a large number of starfighters to an engagement at a low per unit cost in resources and build time.
