

Name: EF76 Nebulon-B Frigate (Raider Variant)

Rarity: Rare

Cost: 10,000,00 credits

Description: The Raider Variant of the Nebulon-B Frigate is designed above all else to disable ships to allow for boarding to either seize the ship in question or raid the ship for its cargo. Stripped of its normal turbolaser and laser batteries this variant is instead armed to the teeth with ion cannons and ion torpedo launchers. This variant sacrifices the anti-starfighter capability of the original Nebulon-B to become a capital ship hunter instead; it still has the capacity to bring along a squadron of fighters to protect it as it hunts.
