

The Machines of War
Reborn-Class Corvette

Reborn-Class Corvette

Epic

₹ 10,125,000

The *Reborn-Class Corvette* is a 225 meter vessel primarily used for starfighter interception and space superiority. It is designed in a traditional Kuat style “wedge shape.” It has low maneuverability and speed, but has high shields and hull armor to withstand bomber and fighter assault. Hyperdrive capable, the usual cargo capabilities have been set aside for more powerful shields and weapon power.

Armament

6 Dual-Turbolaser Turrets

12 Turbolaser Turrets

8 Missile Launcher Tubes

Compliment

150 Crew for full effectiveness

100 Metric Tonnes of cargo

40 passengers/troops
