

Ascended Vulptex

[GJW XV Phase I] Graphics and Miscellaneous - Rise of the Ascendants

Entry by: MuneCinteroph (3607)

Name: Ascended Vulptex
Category: Canid
Type: Companion
Size: 1 Slot
Proposed Shop: Iron Menagerie
Proposed Rarity: Epic
Proposed Cost: 60 700 credits

Description: The Ascended Vulptex is a crystal-infused variant of the Vulptex, a Canid from the planet Crait. It has its natural, distinguishable white crystalline type fur, with the addition of vivid red crystal protrusions. Most notably those protrusions from its shoulders, chest and skull; there are often smaller protrusions elsewhere on its body aglow with a sinister inner light.
