

Crystal Kryat Dragon

Item Name: Crystal Krayt

Item Rarity: **Epic**

Item Cost: 1,765,800

Faced with crystal-augmented creatures deployed by the Children of Mortis, the Brotherhood attempted to quickly deploy a counter. With a limited supply of the crystals it was decided that bonding the crystals to larger beasts would produce the best results, sheer size being used to offset the enemy's superior numbers. Scientists of the Aurora Collegium was able to effectively combine the crystals with a number of Greater Kryat Dragons held by the Iron Menagerie.
