Description & Loadout

Physical Description

Obi-Wan is an athletically sculpted specimen of human. He has perfected his physique and has a muscled but slender build. While not the tallest, he is by no means short. Of average height for a human male, Obi-Wan is not physically imposing. He has auburn brown hair, cut short and cleanly styled. His eyes are a light blue and he has rather soft facial features. Still rather young, Obi-Wan has the early makings of facial wrinkles, especially his forehead and eyes. He has a cleanly trimmed beard and mustache that covers around his mouth.

General Aspects

My Duty Is To The Republic, To Democracy

Obi-Wan Kenobi has a hard set stance on what is right and wrong. He is fiercely loyal and has a strong sense of personal justice. Deeply devoted, this Jedi fights for the Republic, wanting so much to protect the people.

So devoted is he, that he will do anything to keep the peace, even fight to kill his own apprentice if needed.

So Uncivilized

Obi-Wan is an old and elegant soul. He is not a fan of modern day blasters, flying, or even droids. While he doesn't actively hate technology he is far more comfortable with nature and his trusted lightsaber than anything else.

While he isn't afraid to utilize the help of other technologies, his derisiveness towards it can lead to a situation where he lands in trouble.

Personality Aspects

Hello There

While he is professional and deeply proper, Obi-Wan has a tendency to show some sass with his enemies. Wise and well kept, he is also playful and has his own sense of style when talking to his enemies.

Known to take advantage of his surroundings, he will use his wit to lull others into a false sense of security. This does open him up to falling into their traps as well.

He Will Not Let Me Down

Obi-Wan puts his faith in people. Especially people he is closest to. He cares so deeply, and trusts so implicitly, that he cannot fathom that they could or would turn against him. While this makes him a true and endearing friend, this also means that when he is betrayed he cannot see it coming and the resulting betrayal will leave him broken.

Combat Aspects

We Will Do This Together

Obi-Wan is a smart fighter. He is able to deduce the ins and outs of a situation, and determine whether his abilities alone are sufficient. When he knows he is at a disadvantage, he will gladly fight alongside his comrades to ensure their success in any endeavor.

While he is skilled enough to handle most situations, because of his proclivity to fight alongside others, when by himself, his own confidence is shaken,

I Have The High Ground

Obi-Wan is a master at defensive fighting. With superior technique in Soresu and a keen eye on his surroundings, he can take even the most dire situation and turn it to his advantage with use of the world around him. Whether it be hanging on for his life in a reactor, or in close proximity to a better fighter, Obi-Wan has a tendency to take a position of higher elevation and win when his opponents try to fight back.
