"She Wolf" <https://youtu.be/bookP974B0k> by Shakira

Explanation: Archian is a wolf, so there is no surprise that he would play a song which included the name of this animal.

Also this song is a very good party starter, to warm blood before dating...UPS! I meant partying!

"Friday Night" <https://youtu.be/ExH0x1JRz7w> by Shires

Explanation: To become the best bartender, and serving explosives dream is the passion for Archian. What better could be to do exactly that at the party, while listening to the glass warming songs about drinking, chatting and having fun like at Friday Night Out. The best medicine for Christmas!

"I want a Hippopotamus for Christmas" <https://youtu.be/vuNH4kpuobc> by Postmodern Jukebox Cover ft. Lauren Tyler Scott

Explanation: It is still a Festive Time, so Archian would like to chill with a drink in the paw during a Christmas meal party, while listening to this song, and wish he could get another creature as a Christmas gift.
